

Decora Smart® Anywhere Dimmer Companion

COMPATIBILITY

APPLICATION

The Decora Smart® Anywhere Dimmer Companion pairs wirelessly with the Decora Smart: Wi-Fi 2nd Gen Dimmer (D26HD), Wi-Fi 2nd Gen Motion Sensing Dimmer (D2MSD), No-Neutral Dimmer (DN6HD), or Mini Plug-In Dimmer (D23LP) to provide additional ON/OFF and DIM/BRIGHT lighting control wherever you need it such as at the base of a staircase, the end of a hallway or open areas with multiple entrances like a large kitchen or family room. Mount it directly on any interior wall surface or at an existing single or multi-gang wallbox – no wiring is required.

The Decora Smart Anywhere Dimmer Companion is the perfect solution for locations where wiring or a wallbox with a traveler wire may not be present. For added convenience, you can even control the Decora Smart Wi-Fi 2nd Gen Mini Plug-In Dimmer to add a wall mounted dimmer for your connected plug-in lamps.

Once installed, the Anywhere Dimmer Companion visually matches your other dimmers and features familiar controls. Press the top of the rocker switch to turn ON, press the bottom of the rocker switch to turn OFF. You can also double press the top to turn ON at max brightness. On the right-hand side you will find a DIM/BRIGHT bar which allows for easy light level adjustment in the room. Up to three Decora Smart Anywhere Companions can be paired to a primary Decora Smart device. A MLWSB Wi-Fi Bridge is required to pair an Anywhere Companion with a DN6HD No-Neutral Dimmer.

FEATURES AND BENEFITS

- Place it anywhere you need additional lighting control to create 3-way/multi-way solutions with no wiring required
- Mounts directly to your wall surface or installs at an existing wallbox (single and multi-gang) where a traveler wire may not be present
- Slim profile, and because it's Decora®, it matches your in-wall Decora devices for a seamless look
- 50-ft wireless RF range
- Use with Leviton Decora standard or Decora Plus™ screwless wallplates (single and multi-gang)
- Replaceable CR2025 batteries included, with estimated 5 year battery life (results may vary)
- Easy battery replacement – no need to remove the device from the wall or wallbox
- Pair up to three Anywhere Companions with a Decora Smart primary device
- One MLWSB Decora Smart Wi-Fi Bridge supports up to six Anywhere Companions paired to associated Decora Smart No-Neutral devices
