

Compact Structured Media® Enclosure Cover

APPLICATION

The Leviton Multi-Dwelling Unit (MDU) Compact Structured Media Enclosure is designed to deliver a compact distribution point for basic telephone and video of multi-unit buildings. The enclosure's unique modular design is made exclusively from ABS molded plastic, and provides the flexibility to accommodate a variety of telephone/video distribution configurations. The enclosure can accommodate up to three telephone expansion boards and one passive video splitter. The Leviton MDU enclosure is ideal for apartments and affordable, military, senior, and campus housing as well as urban mixed-use applications.

FEATURES

- Compact distribution point for basic telephone and video
- Snap-on cover requires no tools or fasteners
- Features molded-in brackets that provide quick snap-in convenience for telephone expansion boards
- Angled splitter shelf for easy installation
- Capacity for up to three telephone expansion boards and one passive video splitter
- Enclosure can be surface or flush mounted
- Multiple knock-outs on top, bottom, and sides support 1-inch conduit and facilitate cable routing and entry
- Enclosure may be locked for added security
- ABS molded plastic construction provides structural integrity equal to, or better than, comparable metal enclosures at less cost and it comes with a UL94 VO flame-retardant fire rating
- Available as an empty MDU enclosure with cover, or in two kitted versions, with either a 1x6 Telephone Expansion Board or with a 1x6 Telephone Expansion Board and a 6-Way Splitter
