LEVITON

Modular Furniture Brackets

APPLICATION

Modular office panel systems must accommodate datacom outlets in locations easily accessible by the user. Leviton furniture brackets provide the capability for incorporating surface mount boxes or standard wallplates with back boxes into the design. A variety of bracket designs are compatible with numerous manufacturer's panels. The brackets are compatible with Leviton QuickPort® surface mount boxes and surface mount back boxes.

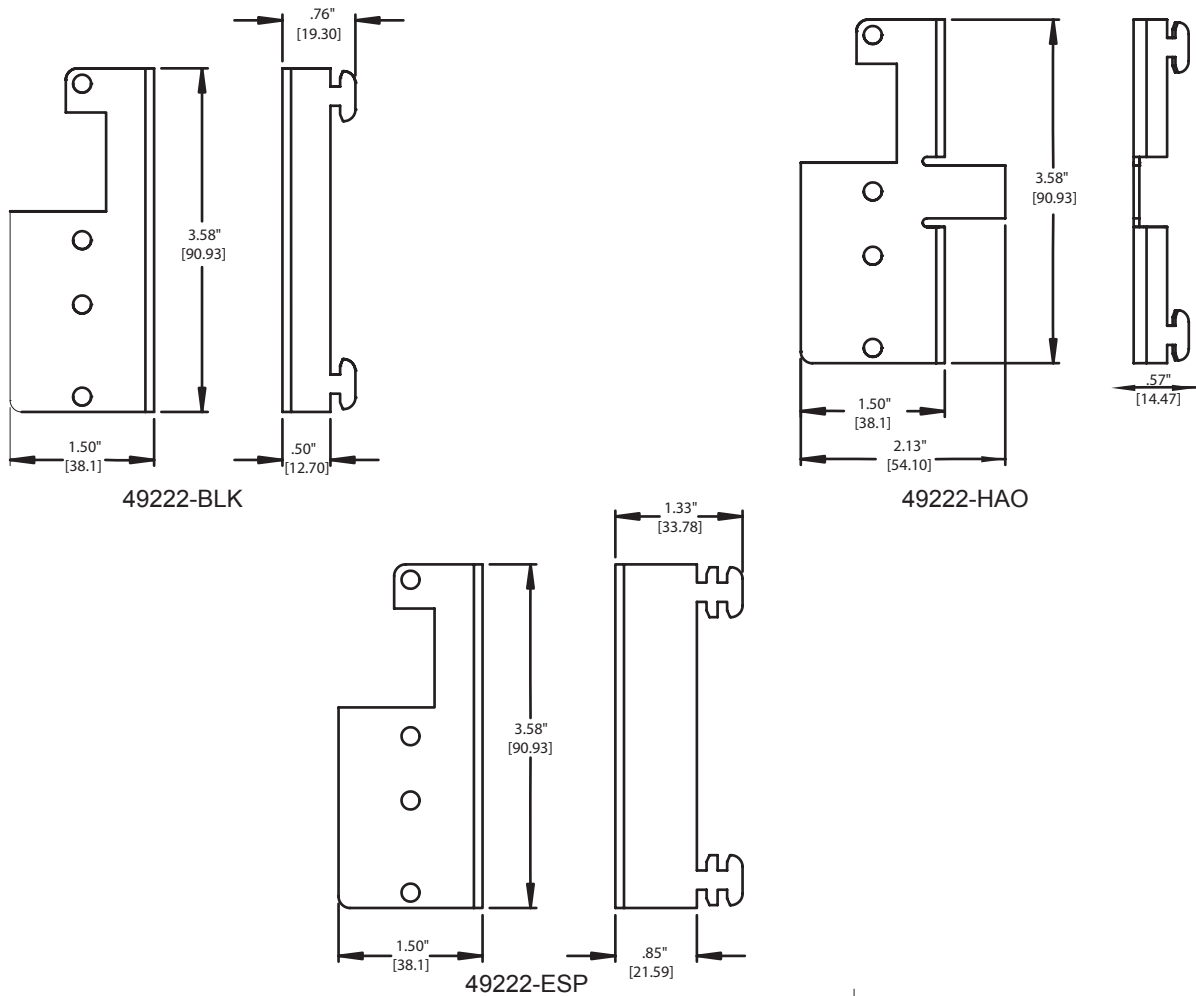

SPECIFICATION

Leviton Modular Furniture Brackets shall provide the ability to securely mount Leviton Surface-Mount QuickPort Boxes and Leviton Surface-Mount Back Boxes to modular furniture panels. Brackets shall be made of 16 AWG powder-coated steel and shall mount to the vertical slots of the furniture panel. Brackets shall be available in three versions to support common furniture lines including Steelcase, Haworth®, Knoll®, Allsteel®, Westinghouse®, Teknion®, & Herman Miller.

FEATURES

- Black powder-coated steel brackets include threaded inserts in patterns matching Leviton QuickPort surface mount boxes and backboxes
- Brackets fit numerous Manufacturer's panel systems including Steelcase series 9000® and Avenir®, Haworth, Knoll, Allsteel®, Westinghouse, Teknion, Herman Miller Ethospace® and Action Office®
- Screw kits are included for fast and easy assembly
- Provides flexibility to install communication outlets in areas where alternate pathways are unavailable or impractical

DESIGN CONSIDERATIONS

- Use with Leviton 41089, 4S089, and 42777 surface mount boxes

PHYSICAL SPECIFICATIONS

Material: Powder-coated steel

COUNTRY OF ORIGIN

Mexico
