Universal Fiber Patch Cord Cable Manager

APPLICATION

The universal fiber patch cord managers mount directly to the front of Leviton flush-mount enclosures, panels, or 1RU active equipment by occupying the same rack unit space and screw holes. The patch cord cable managers are retrofittable to install on existing flush-mount enclosures or panels. The patch cord cable managers provide horizontal protection, routing, and bend radius control for fiber patch cords as they are transitioned to vertical cable managers and away from the front of panels and switches.

5R1UX-CMT

5R2UX-CMT

5RCMT-VFG

SPECIFICATION

Universal patch cord cable managers shall be constructed of 16-gauge steel with a black powder-coated finish. Patch cord cable managers shall protect, route, and provide bend radius control in the horizontal as fiber patch cords transition to vertical cable managers. 0RU patch cord cable manager shall provide layered or tiered routing of fiber patch cords from rack rails to vertical cable managers.

FEATURES

- Universal patch cord cable managers install on same rack unit space as flush-mount fiber enclosures or panels, without consuming any extra rack units.
- Universal patch cord cable managers protect, route, and provides bend radius controls for fiber patch cords.
- Universal patch cord cable managers are easily retrofittable in the field after Day 1 install of flush-mount fiber enclosures or panels
- 0RU patch cord cable manager can be modified for right or left exit

DESIGN CONSIDERATIONS

- 1RU cable manager installs with 1RU Leviton flush mount fiber enclosures or panels
- 2RU cable manager installs with 2 or 3RU Leviton flush mount fiber enclosures or panels
- Accessory kit for 1RU and 2RU cable managers include rack screws, patch cord cable managers, and port id labels
- Use of Universal patch cord cable managers with copper panels or active switches is limited to cord size and capacity

STANDARDS COMPLIANCE

ANSI/TIA-568.3-D

PHYSICAL SPECIFICATIONS

Dimensions: See page 2
Sheet Metal: 16-gauge steel, powder-coated black
Plastic: Polycarbonate black, rated UL 94-V2
