

LEVITON[®]

SAVE

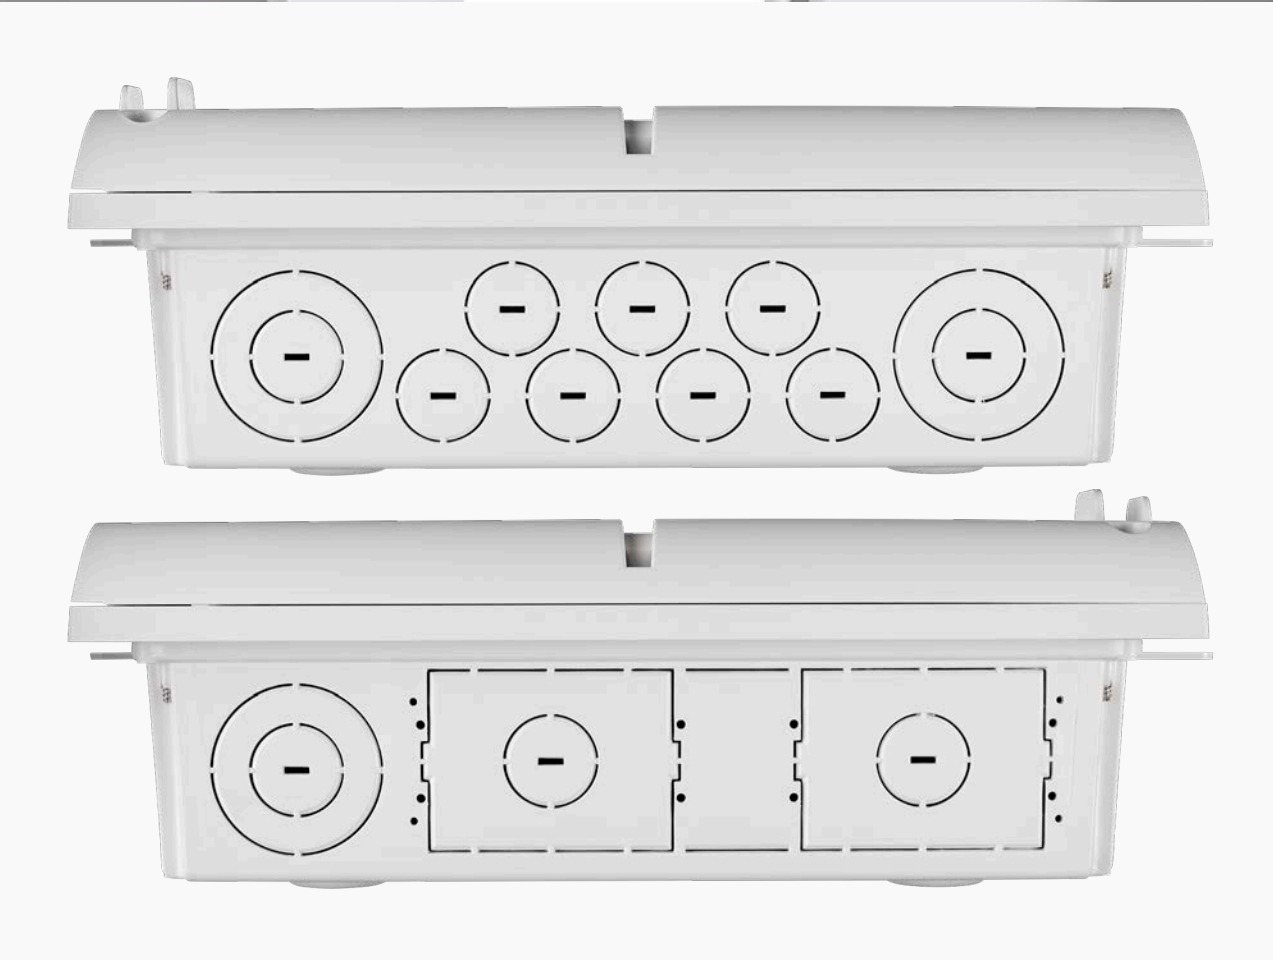

**Time.
Space.
Money.**

WITH THE Wireless Structured Media™ Center

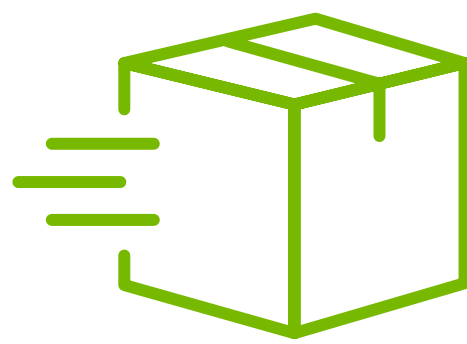

Versatile enclosures for homes, small businesses, and multi-dwelling units. The Wireless Structured Media™ Center is designed for easy deployment and installation.

LEVITON®

Save time in installation and set up

- **Doors install in 28 seconds**, saving 2 minutes on average
- **Non-scoring knockouts** make installation easy, saving up to 5 minutes per unit
- **Ratcheting feature** allows door to compensate for drywall imperfections and thicknesses

Save space and cut waste with bulk packs

- **Less packaging** means less clean-up time and refuse fees
- **No unpacking individual units** on site; faster deployments save on labor
- **More enclosures per pallet** adds up to 7.5% savings on freight costs

Time Savings = Cost Savings

Reduced labor costs translate into **\$1,400 in savings** per 100 residential units.
