

omni™ OmniTouch 7 Trim Ring

APPLICATION

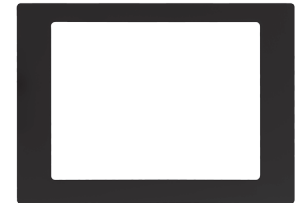

The new OmniTouch 7 (part number 99A00-1 or 99A00-2), trim ring is designed to ensure a quick and clean transition from an OmniTouch 5,7 or 5,7e, to the new OmniTouch 7. The OmniTouch 5,7 and OmniTouch 5,7e were square (4:3 ratio) in nature. To gain screen real estate and provide a more modern interface, the OmniTouch 7 features a widescreen format. When retrofitting to the new screen, a small horizontal gap is exposed.

The low-profile Omnitouch 7 Trim Ring ensures that any gap in the sheetrock/drywall is covered and color-matches the Touchscreen. To install, simply cut the sheetrock hole as necessary, and place the trim ring in between the mounting bracket and the Touchscreen. The new trim ring is available in white or black.

Dimensions: 8.2in (W) x 5.95in (H) x 0.125in (D)

99A10-1 (White)

99A10-2 (Black)
