

e2XHD UTP Mini Panel

APPLICATION

The e2XHD UTP Mini Panel provides e2XHD cassette compatibility, allowing for copper and fiber connectivity in a single unit. The e2XHD Mini Panel will accommodate two e2XHD cassettes for either copper or fiber connectors. Flexible mounting options allow the e2XHD Mini Panel to be installed in a variety of wall-mount, rack, or cabinet applications.

SPECIFICATION

Mini panels shall consume no horizontal rack space and offer both copper and fiber compatibility. Mini panels shall accept two e2XHD cassettes, providing up to 12 copper or 24 fiber connections. Mini panels shall offer data ports at each rack position, allowing the use of shorter patch cords. Mini panels shall support multiple mounting applications including wall, rack, or cabinet.

FEATURES

- Consumes no horizontal rack space
- Compatible with QuickPort[®] copper and fiber connectors for maximum versatility
- Can share mounting hardware with existing equipment such as servers if necessary
- Accepts e2XHD cassettes for a wide range of fiber and copper connectors within a single device
- Can mount on back rail of cabinet, on the wall, to a rack or under the floor for maximum versatility
- Accommodates UTP copper solutions

DESIGN CONSIDERATIONS

- Uses no horizontal rack space
- Mounts on back rail of cabinet on the right or left side, wall, or rack
- Supports both fiber and copper connectors
- Routes cables vertically

STANDARDS & REGULATIONS

- ANSI/TIA-568.0-E
