APPLICATION
Decora Smart Wi-Fi® 2nd Generation devices connect to a Wi-Fi network and the My Leviton app to provide wireless lighting and load control for the whole home. Leviton's Decora Smart Wi-Fi 2nd Gen Tamper-Resistant Outlet provides control of a variety of plug loads, including plug-in lamps, holiday lighting, electronics, and small appliances via the top-controlled outlet. The bottom outlet is always on, ideal for plugging in smart phone chargers or other devices that do not need to be controlled. The D215R features tamper-resistant receptacles with built-in shutters to prevent the insertion of unintended foreign objects. As well, the integrated button with vanishing feedback LED provides manual push-button on/off control and device status feedback.

The Decora Smart Wi-Fi 2nd Gen Tamper-Resistant Outlet offers exciting advantages such as choice of voice with Siri, Google, and Alexa, to satisfy the needs and preferences of any user. With its slim profile, the device is easier to install in shallow wallboxes, and six color options make it aesthetically versatile for placement in any room of the home.

Additionally, this outlet can be paired with Decora Smart Anywhere Switch Companions for wire-free switched outlet control of plugged in devices from a wall switch in up to three locations. Typical applications include switching of lamps, portable fans, kitchen appliances, indoor fountains, holiday lighting, and more.

WORKS WITH MY LEVITON
The My Leviton app provides control from anywhere, device customization, scheduling, management of other Decora Smart devices such as plug-ins, and connectivity to My Leviton integration partners including voice assistants.
- Schedule lights to adjust at specific times or based on sunrise/sunset
- Create lighting scenes and activities to automate multiple devices at once
- Optionally use the auto-shutoff feature to act as a countdown timer in closets, hallways, and bathrooms
- Utilize the Away mode to randomize schedules of selected devices to provide a lived-in appearance when away from home

WORKS WITH AMAZON ALEXA
Use your voice to control connected lighting and loads from compatible Alexa built-in devices such as an Amazon Echo, Echo Show, the Alexa app, or even the Decora Smart Voice Dimmer.

WORKS WITH HEY GOOGLE
Use your voice to control connected lighting and loads with Google Assistant or from the Google Home app.

WORKS WITH APPLE HOMEKIT (SIRI)
Add to an Apple HomeKit network and control with the native Apple Home app on your iOS device, providing compatibility with Siri for voice control.

WORKS WITH IFTTT (IF THIS THEN THAT)
Use the free IFTTT service to connect your My Leviton devices with a wide range of supported Internet of Things (IoT) enabled devices and services to create a smarter home automation experience.

WORKS WITH SCHLAGE
Use the My Leviton app to connect to your Schlage Encode™ Smart Wi-Fi Deadbolt and trigger lighting scenes based on lock activity. Make certain you never walk into a dark home when you arrive and make sure select lights are turned off when leaving.

Tamper-Resistant Outlet, Wi-Fi Certified

PRODUCT DATA

Tamper-Resistant Outlet, Wi-Fi Certified

WIRE-FREE SWITCHED OUTLET CONTROL

The Decora Smart Wi-Fi 2nd Gen Outlet can be paired with wire-free DAWSC Anywhere Switch Companions. Anywhere Companions look like a traditional switch and are easily installed onto any interior wall surface or in an existing wallbox with no wiring required. Up to 3 Companions can be associated to a D215R Wi-Fi Outlet for easy to install switched outlet control.

FEATURES AND BENEFITS

- Control lights and plug loads from anywhere using the free My Leviton app for iOS and Android, no hub required
- Schedule lights and connected loads to turn ON/OFF at specific times or based on sunrise/sunset, easily group your smart devices into rooms, and create scenes to activate multiple lights at once
- Works with My Leviton, Amazon Alexa, Hey Google, HomeKit/Siri, IFTTT, SmartThings, Schlage
- Automatically turn outlet off after pre-programmed period of time
- Support for switched outlet control with Wireless Anywhere Switch Companion (DAWSC)
- Compatible with Decora Smart Outlet Color Change Kits (DSRKT)
- Provides two Tamper Resistant 15A, 120 VAC NEMA 5-15R grounding outlets (top controlled, bottom always on) for use with a wide variety of lamps, electronics, and appliances
- Memory maintains ON/OFF status of loads and during minor power fluctuations
- Integrated Button for ON/OFF manual control
- For Indoor use only
- Using My Leviton app, control up to 99 devices, 50 rooms, 50 activities, and 50 schedules per residence and up to 20 residences per account
