Leviton's Decora® style design
- Slide control for easy and precise operation
- Separate preset ON/OFF rocker switch

DOUBLE GANGING:
- Break off the right side set of fins from the left unit and the left side set of fins from the right unit.
- Trim off the inside section of each cover plate by cutting along the mark inside the plate with a sharp blade.

TRIPLE GANGING:
- Break off the right side set of fins from the left unit, the left side set of fins from the right unit, and both sets of fins from the center unit.
- Trim off the inside section of the end cover plates and both sections from the center cover plate, using a sharp blade.

To gang more than three units, follow instructions for center unit of triple gang installation.

MAXIMUM BULB WATTAGE:
- Mark X™ dimmers, are rated in Volt-Amps (VA). The maximum bulb wattage is determined by the efficiency of the Mark X™ ballast. The following tables show the maximum number of ballasts that can be connected to a single dimmer for different Mark X™ ballasts. Also note the table shows maximum ballast for multi-gang installations.
