One-Piece Crimp-On Connector

APPLICATION
Leviton One-Piece Crimp-On Connectors support economical, fast termination of RG-59 and RG-6 coaxial cables for video applications.

SPECIFICATION
The one-piece crimp-on coaxial cable connectors shall be male F-connectors for termination of RG-59 and RG-6 coaxial cable. The connectors shall be suitable for use with all F-type female connections. The connectors shall include a 7/16-inch hex nut. The connectors shall be made of nickel-plated brass for improved electrical contact and corrosion resistance.

FEATURES
- Convenient one-piece construction eliminates separate crimp rings
- 75 Ohm nominal impedance
- Frequency range equals 0-4GHz
- Nickel plated for improved electrical contact and corrosion resistance

DESIGN CONSIDERATIONS
- For use with RG-59 and RG-6
- Crimp sleeve secures shield and cable jacket to connector for permanent connection
- Use Leviton crimping tool (40988-000)

PHYSICAL SPECIFICATIONS
Dimensions: See page two
Materials: Nickel-plated brass

COUNTRY OF ORIGIN
China
