Compact Series Telephone Security and 6-Way Video Panel

APPLICATION
The Leviton Compact Series Telephone Security and 6-way Video Panel combines a Telephone Security Board and a 6-way 1 GHz Video Splitter in a dedicated plastic bracket for essential telephone and video distribution. It handles up to four telephone lines through to seven telephone connections with security interface and is suitable for phone, fax, or modem. The Telephone Security and 6-way Video Panel features video output for up to six video connections.

FEATURES
- Handles up to four telephone lines through to nine locations, and routes video to six locations.
- Panel includes a plastic mounting bracket, Security Telephone Board, and a 6-Way 1 GHz Video Splitter

DESIGN CONSIDERATIONS
- Fits easily into any Leviton Structured Media® enclosure, or can be used as a stand-alone unit
- Determine outlet locations and carefully plan cable routing to ensure the selected board satisfies requirements
- Install 75 Ohm termination caps on unused outputs of 6-way 1 GHz Video Splitter to reduce signal distortion or “ghosting”
- Supports security systems via RJ-45-style interface with on/off (bypass) switch

STANDARDS COMPLIANCE
- cULus Listed
- ANSI/TIA-568-C.2
- ANSI/TIA-1096-A
